The papers the past week recorded  
the usual number of suicides through-  
out the country. Just why one should  
want to shuffle off this mortal coil at  
this time of the year, with the fish  
biting so well in the lakes we can't  
understand, says an exchange.

ALL railroads throughout the country  
report increased earnings in April  
and May over last year, and the com-  
mercial agencies report business pros-  
pects better than for several years.  
Recovery from the recent free trade  
business depression is slow but sure.

A CONNECTICUT inventor has placed  
an electric contribution box on the  
market. The minister touches a button  
and small silver cars, lined with velvet,  
visit each pew simultaneously, run-  
ning on a slender rail back of each  
pew. Each car returns to a lookbox  
at the pew entrance and the deacons  
collect the receipts after the service.

PROBABLY the most important mat-  
ter that came before the grand lodge  
of Odd Fellows in session at Minne-  
apolis this week was that of found-  
ing a home in this state for depend-  
ent members of that order. There is  
now nearly \$19,000 in the fund and  
action was deferred on the matter un-  
til such time as the amount shall  
reach \$25,000, at which time a site  
will be selected. It is a grand move-  
ment.

A BILL has been introduced into  
congress for the appointment of a  
tariff commission to regulate the tariff.  
It would be the duty of the commis-  
sion to investigate the condition of all  
lines of business in the country and  
each year recommend to the presi-  
dent such changes in the tariff as  
would be necessary to afford ample  
protection and yet not make a mono-  
poly possible. The idea is a good  
one, as it would prevent business dis-  
turbance by tariff tinkering.

It is understood that the payment  
by the Government to the Millie Lake  
Indians will be made on June 17th.  
As poor "Lo" will have several thou-  
sand dollars in cash coming to him  
at that time, it is expected that there  
will be a royal time among the natives  
for some days after the cash changes  
hands. Indians with money can al-  
ways get liquor even if it is against  
the law. It is not known at what  
point on the lake payment will be made.

We have just received a letter from  
Congressman Page Morris stating  
that he has now at his disposal a lim-  
ited number of Farmers' Bulletins  
containing very valuable information  
in all branches of agriculture, and  
that he will be pleased to forward the  
same to all parties making application  
at once, by postal card. These post-  
al cards should be addressed to Hon.  
Page Morris, M. C., Washington D.  
C., and should simply contain the  
name and post office address of the  
party desiring these bulletins. The  
parties sending in these applications  
will also be placed on his seed distri-  
bution list for 1898.

Business Prospects are Bright.  
The Herald, of Duluth, one of the  
ranked as well as ablest of the free  
silver organs of the country, contain-  
ed the following editorial in Satur-  
day's issue concerning the business  
outlook:

A decided improvement in the finan-  
cial situation is reported by William  
E. Curtis of the Chicago Record who  
is in New York, where he has found  
that all classes in the industrial and  
commercial world feel encouraged  
over the outlook and expectancy has  
replaced the apprehension that had  
become the habitual condition of the  
public mind for the last three years.  
The people you meet in the banks  
down town, and visitors from other  
parts of the country who gossip in the  
hotel parlors all tell the story that,  
while the era of prosperity has not  
yet begun, the signs of its approach  
appear in every direction, the most  
important being an almost universal  
confidence that it is almost here.

The reports in regard to the crops  
are giving much encouragement, be-  
cause abundant crops will make  
money more plentiful among the  
farmers of the West, and this will  
result in the increased consumption of  
manufactured goods. President Hill  
of the Great Northern railroad pre-  
dicts that the wheat fields contribut-  
ing to that line will furnish 90,000,000  
bushels of grain this season for its  
transportation, and the managers of  
the other railways contribute intelli-  
gence equally favorable to the gen-  
eral stores of encouragement. The job-  
bers say that the supply of manu-  
factured goods which are necessary of  
life is generally exhausted through-  
out the country, and the people must  
buy and the mills must resume op-  
erations to meet the demand, which  
will bring into circulation the millions  
of dollars that have been hoarded  
through the hard times. Every-  
body agrees that money is plenti-  
ful, and that it is only necessary to  
convince the people that property  
has come to be an actual reality. The  
water has been squeezed out of stocks.  
Unprofitable properties have been re-  
organized upon an economical basis.  
Fictitious values have been exposed,  
bubbles have collapsed and stock op-  
erations are nearer a rock bottom  
basis of operation than they have been  
for many years.

Thus it will be seen that the signs  
are propitious for an early revival of  
commercial and industrial activity.  
The tariff bill will be passed within  
a few weeks, and this will remove  
many manufacturers' assets is a dis-  
turbance to the business world, and  
if the changes in the tariff can  
produce prosperity, there will be a  
steady and rapid improvement all  
along the line.

## SOME JUNE WEDDINGS.

Prominent and Popular Brainerdites are  
Joined in Wedlock.

On Wednesday, June 2nd, James  
L. Snyder of this city, was united in  
marriage to Lida J. Hill at the home  
of the bride's parents in Pontiac, Ill.,  
by Rev. Joe Bell, of Streeter. On  
Thursday a reception was tendered  
them at the residence of Mrs. E. A.  
Snyder, the groom's mother, at Cor-  
nell, Iowa. The couple arrived in  
Brainerd, their future home, on Sun-  
day morning and immediately began  
housekeeping on Main street east.  
Mr. Snyder is the popular secretary  
of the Y. M. C. A. in this city and the  
people of Brainerd extend their heart-  
iest congratulations to himself and  
bride.

On Wednesday afternoon at five  
o'clock, Edgar L. Guis, of Little  
Falls, and Miss Jennie Mix, of this  
city, were united in marriage by Rev.  
Geo. W. Gallagher at the residence  
of Mr. and Mrs. Frank Jarboe. The  
ceremony took place in the presence  
of a number of intimate friends of  
the couple, Louis Wheatley acting as  
groomsman, and Miss Lena Mix as  
bridesmaid. The bride looked very  
pretty in her wedding gown of gray  
silk and wedding roses. After the  
wedding banquet the couple left at  
8 p. m. for their future home in Lit-  
tle Falls, where the groom holds a  
position with the Northern Pacific  
company.

A very pretty wedding occurred at  
9:15 o'clock Tuesday morning at St.  
Francis Catholic church at which time  
Mr. John P. Russell was united in  
marriage to Miss Mary E. Hurley.  
Rev. Father Lynch performing the  
impressive ceremony. The church was  
beautifully decorated with flowers and  
evergreens, an arch having been erect-  
ed in front of the altar from which  
hung suspended a large wedding bell  
made of evergreens and flowers and  
underneath which the couple took the  
vow which made them man and wife.  
Thomas Russell, a brother of the  
groom, was best man and Miss Alice  
G. Hurley, a sister of the bride, was  
bridesmaid. The groom wore the con-  
ventional black, the bride being hand-  
somely attired in a royal blue suit trim-  
med with canary chiffon and blue silk.  
The ushers were Geo. Murphy and  
Frank Guernsey. After the cere-  
mony the invited guests accompanied  
the newly married couple to the resi-  
dence of the bride's parents, Mr. and  
Mrs. John Hurley, on Eight street  
south, where an elegant wedding  
breakfast was served and congratula-  
tions tendered. Mr. and Mrs. Russell  
left on the noon train on the same day  
for the Twin Cities where they will  
spend their honeymoon, returning to  
Brainerd in about ten days which will  
be their future home. Mr. Russell be-  
ing an employee of the Northern Pac-  
ific Railway in their car department.  
Many handsome and expensive wed-  
ding presents were tendered the couple.

Mr. Joseph Early and Miss Kath-  
leen Cannan were united in marriage  
on Wednesday evening, June 9th, at  
St. Francis Catholic church in the  
presence of an immense audience  
which had assembled to witness the  
ceremony. Rev. Father Lynch, assist-  
ed by Rev. Father Zambusi, of Aitkin,  
officiating. Sweet strains of music  
announced the wedding party as they  
entered the church the bride being  
preceded by two flower girls, Misses  
Maudie Cannan and Sadie Koop, the  
bridesmaids following. The bride  
was attired in deep duchesse satin, gar-  
nished with plaited chiffon, court  
train, wearing a full tulle veil caught  
with lilies of the valley, and carried a  
bouquet of bride roses. Miss Sarah  
Cannan, maid of honor, wore white or-  
gandie over yellow silk, white lace  
and yellow ribbons, and carried Mar-  
schal roses. Miss Marie Cannan wore  
white organdie over lavender silk,  
white ribbons and lace. Miss Sadie  
Koop wore white organdie over pink,  
pink ribbons and white lace. Miss  
Mabel Early wore figured white or-  
gandie over green silk, and green satin  
ribbons. The groom was attended by  
his brother, Mr. Frank E. Early, of  
Chicago, the groomsmen being Messrs.  
Henry Linnemann, Henry P. Dunn,  
Herman Linnemann. The ushers  
were George Murphy, James Murphy,  
John Lillig and James Casey. A solo,  
"Faithful Heart," was rendered by  
Mrs. H. Thivort. There was a duet  
by Profs. Dressel and Graham, con-  
traltists, a solo, "Fast and Furious," by  
Caroline Louise Morrison, "Ave  
Marie" by Mrs. George Redding, of  
Minneapolis, "Veni Creator" by Mr.  
Ingstrand, soloists by Wm. Graham,  
and benediction by the full choir.  
The church was trimmed with ever-  
greens, ferns, cut flowers and potted  
plants and presented a very pretty  
effect. Following the marriage cere-  
mony at the church was the reception  
at the rooms of Miss Marie Cannan,  
corner of Front and Fifth streets,  
where Mr. and Mrs. Early received the  
hearty congratulations of their  
friends, and where a symposium of  
wedding banquet was served to a large  
number of invited guests. The wed-  
ding presents presented the couple  
were profuse in number and very fine.  
Mr. and Mrs. Early left on the 3 a.  
m. train for Duluth and will be "at  
home," No. 2, Gillis avenue, East  
Brainerd, after July 15th.

How Our Mayor Acts Abroad.

ern Pacific Bank, Brainerd arrived  
here on Saturday. He attended divi-  
service and returned home on Mon-  
day morning.—Walker Pilot.

Looking for a Crowd.  
The people of Walker are evidently  
figuring on a large number of people  
from Brainerd visiting their town to  
celebrate the glorious Fourth judg-  
ing from the following item in the  
Pilot:

Already 800 people from Brainerd  
have made arrangements to come to  
Walker and enjoy themselves on the  
beautiful shores of incomparable  
Loech lake. The Brainerd & North-  
ern Minnesota Railway company has,  
with great liberality, made a rate of  
\$1.50 for the round trip. The trains  
will leave Brainerd early on the morn-  
ing of July 3 and leave Walker for  
the return run late on Saturday night.  
Excursionists will have the privilege  
of remaining over here until the regu-  
lar passenger leaves on Monday  
morning, July 5th.

N. E. A. Excursion to Milwaukee.

Teachers and their friends who con-  
template attending the N. E. A. meet-  
ing at Milwaukee, next July, will do  
well to see that their tickets read via  
the Wisconsin Central Lines, from  
St. Paul and Minneapolis. Elegant  
day-coaches, and the finest Sleeping

## A Fine Trip.

The steamer "Irene" now makes  
regular trips between the club house  
on Gull lake and Webb Hill's, a sta-  
tion on the Brainerd & Northern  
some thirteen miles from this city,  
and parties who desire to visit the  
resort for an outing can find no more  
pleasant way to reach there than by  
the new route. Leaving the B. & N.  
M. depot at 3:30 p. m. you arrive at  
Hill's at 4:10 when you board the  
steamer and after an hour's ride on  
the lake you are landed at the dock  
near Bishop's. The trip by water is a  
very pleasant one, the distance being  
some ten miles through a chain of  
lakes to the main body of water, and  
is far preferable to a ride over the  
dusty roads. The writer had the  
pleasure of making the trip last Sat-  
urday with Messrs. Miner and Mer-  
riott who are proprietors of the boat,  
which was built by Mr. Miner. The  
craft is 35 feet in length, 9 foot beam  
and rides the water like a duck, being  
perfectly safe in any kind of weather  
and capable of carrying from 25 to 40  
people. There are many points of  
interest on the lake and desirable fish-  
ing grounds which can only be reach-  
ed comfortably by steamer and it is  
for the accommodation of people who  
visit the Gull lake resort that the  
gentlemen finally decided to place  
their boat there and if the patronage  
is sufficient it will be a permanent  
feature. At present the "Irene" makes  
Hill's on Fridays and Saturdays and  
can always be depended on.

BRainerd, MINNESOTA

Opinions have been most prominent; others, anarchists. Surmises are not facts. Suspicious which may be unjust need not be stated.

The dignity of manhood is lowered when men give honor to wealth that they withhold from worth.

It is easy to get men to see that matters are not right, but much harder to get them ready to make them right.

When the people permit men to buy the public offices, they must expect that such men will sell the public welfare.

A man who boasts that he never changes his opinions either claims infallibility, or else concludes that he does not sense enough to learn anything.

Tartarism has begun to tax the Gaudis more in proportion to their wealth. Will the Gaudis now carry Tartarism? Will they fit to some other place, and then to some other, when required to pay anything on their vast wealth?

One of the latest sanitary devices is a germ-proof note-paper. But what shall this profit the recipient if the writer uses unsterilized ink, encloses the letter in a bacteria-infected envelope, and attaches to one corner thereof a postage stamp that is a veritable bacilli race?

Elmer Geiselman, a member of one of the most respected families around Wooster, Ohio, was found guilty of associating with the notorious Elmer Geiselman, who is supposed to be a member of a gang who have terrorized the farming community for years by bursting in doors with battering rams. All of the Geiselmans are under indictment. Elmer will be the first to do some checking with his nose.

In a recent lecture Judge Daniel Bedger Jones of West Virginia suggested that a monument be erected at the Potomac at Shepherdstown by the Virginians and Maryland to the memory of James Rumsey of Maryland, who, it is said, had launched at that point the first boat propelled by steam. In the early days of the state of Maryland, after the revolutionary war, Rumsey and Fitch were applicants for aid in developing their invention, and their petitions were referred from session to session.

Vaccination against typhoid fever seems to be an assured resource for war on disease. Two professors connected with the Army Medical School at England, England, have been in the process of antityphoid vaccination. Cultures of the bacilli are used in the process. Observations were made upon a number of persons, mostly medical men, with antityphoid fever. A medical journal says the vaccination can be practised without risk, and their adequacy, also, can be easily controlled by examinations of the blood. Persons exposed to the risk of typhoid infection may secure immunity through this process if the present degree of success is maintained.

"Come with me this evening and see my boys." The speaker was a leader of the man of New York city. The friend went and found that the boys were in the Children's Aid Society rooms. The banker who had given the invitation took charge of the meeting, read the table, and then said: "How long have you been doing this thing without my ever having suspected it?" asked the friend. "Sixteen years," replied the reply. Every other Sunday night in all those years the banker had gone to meet his boys and to tell them of God and duty. That banker was Howard Potter, who has just died in London, where he was head of the London branch of a house known the world over.

The question of the right of an individual to whistle is involved in a trial soon to come off in a New York court. A man undertook to silence a whistler by hitting him with a brick. He was held for assault and battery. The man who would please the greatest number of citizens would be an equitable balancing of the injury done on each side. Probably the assault with a brick was a greater injury than the assault with offensive sounds, but there was undeniable provocation. There is no harm in whistling while going after the cows or walking home along a country road at a dark night, but that is very different from insisting upon whistling in a passenger car in a public conveyance or in front of a window near which a person is working.

The Pennsylvania oil-fields, which are about three hundred and fifty square miles in extent, have already yielded five hundred and sixteen million barrels of petroleum. The oil fields are great fields in Russia, Mexico, India, Canada and the Argentine Republic, and it is said the area of the oil-producing region in Peru alone is seventy-five hundred and thirty square miles. The head of the arithmetic class is invited to estimate the number of centuries that must elapse before their descendants will have to go to bed in the dark.

On his recent seventy-fifth birthday Edward Everett Hale was congratulated on beginning the last quarter of his first century of his life. He replied by telling his hearers that he was not so the inspiring truth as we are here but spending the first years of an endless existence.

The prompt action of congress for the relief of sufferers by the Mississippi valley flood finely attested the truth that in the presence of an overwhelming calamity partisanship is silent and sectionalism only a memory.

Richard Olney told a crowd of lawyers the other evening that the study and practice of the law "inevitably engender the altruistic habit of mind," which defines altruism as regard for others, both natural and moral; devotion to the interests of others; brotherly kindness—opposed to egotism or selfishness.

No power on earth can popularize the politeness of the man who "incloses a stamp for an answer," and incloses it by sticking it tight to the top of the letter he has written.

Mr. Labouchere is gratified at being able to put an end to skepticism as his Twickenham house being built on the site of Pope's villa. In making ready for the ceremony a stone was found on which was carved the inscription, "On this spot stood until 1699 the house of Alexander Pope. The motto that formed the basement still remains, 1694."

Ambedkar Hay applauded the Lord Bishop of London's eulogies of Mr. Rayard. A new ambassador has become embarrassing duties.

Hon. A. F. Ferris returned home from his trip to the coast on Tuesday having in company with A. N. Dare and D. M. Gunn been gone since about the first of May. Mr. Ferris was very much pleased with his journey having visited all the points of interest along the Northern Pacific road, including a trip through the famous Yellowstone Park and various points in California.

John W. Small arrived in the city on Sunday morning from Winnemucca, Nevada, where he holds a position of master mechanic on the Southern Pacific railroad. Mr. Small will remain about 10 days visiting his parents, Mr. and Mrs. J. C. Small and family. Mr. Small left here some years ago, and for a while held a position as assistant engineer on a Pacific mail steamer, making several trips to China and Japan.

An Honor to the Lady.

The Circle of Kings Daughters recently met at the home of their leader, Miss Leila P. Johnson, to express their regret at her departure and presented her with a token of their love for her. This society consisting of about twenty members was organized by Miss Johnson three years ago for the purpose of enlisting the sympathies of the young in work of benevolence and kindness. They have met regularly once in each week and after short devotional exercises devoted their time to making and repairing clothing for the needy.

Over one hundred garments have passed through their hands the past year and placed by those interested in the cause where most needed. Such work not only benefits those for whom they are working but also broadens the minds of all participating in the work.

CONDUCTOR MAGEE DIES.  
The result of injuries received while in the Performance of his Duties. Remains Shipped East.

Conductor James C. Magee, of the Brainerd & Northern Minnesota railroad met with an accident on Saturday morning which resulted in his death. Mr. Magee was the conductor of a logging train and was on his way north for a train load of logs on the morning when the unfortunate accident occurred. His train arrived at Jenkins station a little before 7 o'clock, took water and had started on the trip and when Mr. Magee attempted to get on board he slipped and fell under the moving cars the wheels running over his right leg above the knee. The accident was witnessed by some of the train men as soon as possible an engine and caboose was started for Brainerd with the injured man on board as fast as steam could bring them, his leg having been corded and everything done that was possible to relieve his suffering before the train started. Dr. G. S. McPherson, the local physician at this end of the line, took charge of the man as soon as he arrived in the city and placed him in the Lumberman's Hospital where he amputated the leg near the body. The shock that had been sustained and the length of time that had elapsed however was too much for the human system and Mr. Magee died about 12:30 o'clock on the same day.

Mr. Magee was 32 years of age unmarried, and had resided in Brainerd for some time. Previous to his employment by the B. & N. M. road he had worked for many years for the Northern Pacific company and was considered a thorough railroad man. He was a member of the local order of Red Men and the members of that order took charge of the remains, marching from the undertaking rooms to the train on Sunday evening at which time they were shipped to their home in Rockwood, Ontario, P. H. Berry accompanying the body to that place.

It is understood that Mr. Magee carried an accident policy of \$2000.

DEATHS.

Myrtel Naeme Johnson, aged five months, daughter of Mr. and Mrs. O. B. Johnson, died on Saturday evening June 5th, of spinal meningitis. The funeral was held on Monday afternoon from the Swedish Lutheran church, Rev. A. G. Johnson officiating.

Mrs. Olivia J. Prouty, mother of Mrs. Mary E. Patterson, of this city, died at her home five miles south of Brainerd on Tuesday, June 8th, aged 65 years, of liver complaint. The funeral was held on Thursday at Crow Wing, Rev. R. C. Opie conducting the services.

Mrs. Jane Clark died on Thursday morning, June 10th, aged 73 years. The deceased was the mother of D. M. Clark, of this city, and a lady who was highly respected and beloved by all. She had been ill for many months, and while her death was expected, it was nevertheless a severe shock to her intimate friends and relatives. Mrs. Clark was a consistent Christian lady, being a member of St. Francis Catholic church, at which place the funeral will occur tomorrow (Saturday) morning at 9:30 o'clock. Rev. Fr. Lynch officiating.

Miss Olaf Kraror's Lecture.  
Miss Olaf Kraror, native Equinox lecturer will give the final number of the Y. M. C. A. entertainment course at the First Congregational church on Monday evening June 14. Aside from the lecturer herself as she appears in her costume of furs, Miss Kraror's lecture and recital of the legends of her people are such as furnish a most profitable and enjoyable evening's entertainment which none should miss.

The lady has lectured throughout this country from east to west for several years and the Brainerd people should appreciate this opportunity of hearing so popular a personage. The admission to this number has been reduced to 35 cents and it is hoped that a large audience will take advantage of this low price.

The lecturer is but 40 inches high and yet is a fair sized specimen of her race.

The papers the past week recorded  
the usual number of suicides through-  
out the country. Just why one should  
want to shuffle off this mortal coil at  
this time of the year, with the fish  
biting so well in the lakes we can't  
understand, says an exchange.

ALL railroads throughout the coun-  
try report increased earnings in April  
and May over last year, and the com-  
mercial agencies report business pros-  
pects better than for several years.  
Recovery from the recent free trade  
business depression is slow but sure.

A CONNECTICUT inventor has placed  
an electric contribution box on the  
market. The minister tucks a button  
and small silver cars, lined with velvet,  
visit each pew simultaneously, run-  
ning on a slender rail back of each  
pew. Each car returns to a lockbox  
at the pew entrance and the deacons  
collect the receipts after the service.

PROBABLY the most important mat-  
ter that came before the grand lodge  
of Odd Fellows in session at Minne-  
apolis this week was that of formu-  
lating a home in this state for de-  
pendent members of that order. There  
is now nearly \$19,000 in the fund and  
action was deferred on the matter un-  
til such time as the amount shall  
reach \$25,000, at which time a site  
will be selected. It is a grand move-  
ment.

A BILL has been introduced into  
congress for the appointment of a  
tariff commission to regulate the tariff.  
It would be the duty of the commis-  
sion to investigate the condition of all  
lines of business in the country and  
each year recommend to the presi-  
dent such changes in the tariff as  
would be necessary to afford ample  
protection and yet not make a mon-  
opoly possible. The idea is a good  
one, as it would prevent business dis-  
turbance by tariff tinkering.

It is understood that the payment  
by the Government to the Mille Lacs  
Indians will be made on June 17th.  
As poor "Lo" will have several thou-  
sand dollars in cash coming to him  
at that time, it is expected that there  
will be a royal time among the natives  
for some days after the cash changes  
hands. Indians with money can al-  
ways get liquor even if it is against  
the law. It is not known at what  
point on the lake payment will be  
made.

We have just received a letter from  
Congressman Page Morris stating  
that he has now at his disposal a lim-  
ited number of Farmers' Bulletins  
containing very valuable information  
in all branches of agriculture, and  
that he will be pleased to forward the  
same to all parties making application  
at once, by POSTAL CARD. These post-  
al cards should be addressed to Hon.  
Page Morris, M. C., Washington, D. C.,  
and should simply contain the name  
and post office address of the party  
desiring these bulletins. The parties  
sending in these applications will  
also be placed on his seed distribu-  
tion list for 1898.

Business Prospects are Bright.  
The Herald, of Duluth, one of the  
ranked as well as ablest of the free  
silver organs of the country, contain-  
ed the following editorial in Satur-  
day's issue concerning the business  
outlook:

A decided improvement in the finan-  
cial situation is reported by William  
E. Curtis of the Chicago Record who  
is in New York, where he has found  
that all classes in the industrial and  
commercial world feel encouraged  
over the outlook and expectancy has  
replaced the apprehension that had  
become the habitual condition of the  
public mind for the last three years.

The people who meet in the banks  
downtown and visitors from other  
parts of the country who gossip in the  
hotel parlors all tell the story that,  
while the era of prosperity has not  
yet begun, the signs of its approach  
are in every direction, the most im-  
portant being an almost universal  
confidence that it is almost here.

The reports in regard to the crops  
are giving much encouragement, be-  
cause abundant crops will make  
money more plentiful among the  
farmers of the West, and this will re-  
sult in the increased consumption of  
manufactured goods. President Hill  
of the Great Northern railroad pre-  
dicts that the wheat fields contribut-  
ary to that line will furnish 90,000,000  
bushels of grain this season for its  
transportation, and the managers of  
the other railways contribute to gen-  
eral equally favorable to the gen-  
eral stores of encouragement. The  
reports that the supply of manufac-  
tured goods which are necessities of  
life is generally expected to be abun-  
dant, and the people must buy and  
the mills must resume opera-  
tions to meet the demand, which  
will bring into circulation the millions  
of dollars that have been hoarded  
through the hard times. Every-  
body agrees that money is plen-  
tiful, and that it is only necessary to  
convince the people that prosperity  
has come to be an actual reality. The  
water has been expected to be re-  
organized upon an economical basis.  
Fictitious values have been exposed,  
bubbles have collapsed and stock cor-  
porations are nearer a rock bottom  
basis of operation than they have been  
for many years.

Thus it will be seen that the signs  
are propitious for an early revival of  
commercial and industrial activity.  
The tariff bill will be passed within a  
few weeks, and the will remove what  
many manufacturers assert is a dis-  
quieting feature. There will then be  
nothing to disturb the business world,  
and if the changes in the tariff can  
produce prosperity, there will be a  
steady and rapid improvement all  
along the line.

### SOME JUNE WEDDINGS.

Prominent and Popular Brainerdites are  
Joined in Wedlock.

On Wednesday, June 2nd, James  
L. Snyder of this city, was united in  
marriage to Lida J. Hill at the home  
of the bride's parents in Pontiac, Ill.,  
by Rev. Joe Bell, of Streeter. On  
Thursday a reception was tendered  
them at the residence of Mrs. E. A.  
Snyder, the groom's mother, at Cor-  
nell, Iowa. The couple arrived in  
Brainerd, their future home, on Sun-  
day morning and immediately began  
housekeeping on Main street east.  
Mr. Snyder is the popular secretary  
of the Y. M. C. A. in this city and the  
people of Brainerd extend their heart-  
iest congratulations to himself and  
bride.

On Wednesday afternoon at five  
o'clock, Edgar L. Guin, of Little  
Falls, and Miss Jennie Mix, of this  
city, were united in marriage by Rev.  
Geo. W. Gallagher at the residence  
of Mr. and Mrs. Frank Jarboe. The  
ceremony took place in the presence  
of a number of intimate friends of  
the couple, Louis Wheatley acting as  
groomsman, and Miss Lena Mix as  
bridesmaid. The bride looked very  
pretty in her wedding gown of gray  
silk and wedding roses. After the  
wedding banquet the couple left at  
8 p. m. for their future home in Lit-  
tle Falls, where the groom holds a  
position with the Northern Pacific  
company.

A very pretty wedding occurred at  
9:15 o'clock Tuesday morning at St.  
Francis Catholic church at which time  
Mr. John F. Russell was united in  
marriage to Miss Mary E. Hurley.  
Rev. Father Lynch performing the  
impressive ceremony. The church was  
beautifully decorated with flowers and  
evergreens, an arch having been erect-  
ed in front of the altar from which  
hung suspended a large wedding bell  
made of evergreens and flowers and  
underneath which the couple took the  
vow which made them man and wife.  
Thomas Russell, a brother of the  
groom, was best man and Miss Alice  
G. Hurley, a sister of the bride, was  
bridesmaid. The groom wore the con-  
ventional black, the bride being hand-  
somedly attired in a royal blue suit  
trimmed with canary chiffon and blue silk.  
The ushers were Geo. Murphy and  
Frank Guerenlo. After the cere-  
mony the invited guests accompanied  
the newly married couple to the resi-  
dence of the bride's parents, Mr. and  
Mrs. John Hurley, on Eight street  
south, where an elegant wedding  
breakfast was served and congratula-  
tions tendered. Mr. and Mrs. Russell  
left on the noon train on the same day  
for the Twin Cities where they will  
spend their honeymoon, returning to  
Brainerd in about ten days which will  
be their future home. Mr. Russell be-  
ing an employee of the Northern Pa-  
cific Railway in their car department.  
Many handsome and expensive wed-  
ding presents were tendered the  
couple.

Mr. Joseph Early and Miss Kath-  
leen Cannan were united in marriage  
on Wednesday evening, June 9th, at  
St. Francis Catholic church in the  
presence of an immense audience  
which had assembled to witness the  
ceremony. Rev. Father Lynch, assist-  
ed by Rev. Father Zumbush, of Staples,  
and Rev. Father Green, of Aitkin,  
officiating. Sweet strains of music  
announced the wedding party as they  
entered the church the bride being  
preceded by two flower girls, Misses  
Maudie Cannan and Sadie Koop, the  
bridesmaids following. The bride  
was attired in deep dusky satin, gar-  
nished with plaited chiffon, court  
train, wearing a full tulle veil caught  
with lilies of the valley, and carried a  
bouquet of bride roses. Miss Sarah  
Cannan, maid of honor, wore white or-  
gandie over yellow silk, white lace  
and yellow ribbons, and carried Mar-  
schal roses. Miss Marie Cannan wore  
white organdie over lavender silk  
white ribbons and lace. Miss Sadie  
Beilly wore white organdie over pink  
pink ribbons and white lace. Miss  
Mabel Early wore figured white or-  
gandie over green silk, and green satin  
ribbons. The groom was attended by  
his brother, Mr. Frank E. Early, of  
Chicago, the groomsmen being Messrs.  
Henry Linnemann, Henry P. Dunn,  
Herman Linnemann. The ushers  
were George Murphy, James Murphy,  
John Lillig and James Casey. A solo,  
"Faithful Heart," was rendered by  
Mrs. H. Thiviot. There was a duet  
by Profs. Dresskoll and Graham, cor-  
netists, a solo, "Past and Future," by  
Caroline Louise Morrison, "Ave  
Marie" by Mrs. George Redding, of  
Minneapolis, "Veni Creator" by Mr.  
Ingard, cornet solo by Wm. Graham,  
and benediction by the full choir.

The church was trimmed with ever-  
greens, ferns, cut flowers and potted  
plants and presented a very pretty  
effect. Following the marriage cere-  
mony at the church was the reception  
of the rooms of Miss Marie Cannan,  
corner of Front and Fifth streets,  
where Mr. and Mrs. Early received the  
hearty congratulations of their  
friends, and where a symposium wed-  
ding banquet was served to a large  
number of invited guests. The wed-  
ding presents presented the couple  
were profuse in number and very fine.  
Mr. and Mrs. Early left on the 3 a.  
m. train for Duluth and will be "at  
home," No. 2, Gillis avenue, East  
Brainerd, after July 15th.

How Our Mayor Acts Abroad.

John N. Nevens, cashier of the North-  
ern Pacific Bank, Brainerd arrived  
here on Saturday. He attended divi-  
service and returned home on Mon-  
day morning.—Walker Pilot.

President Carpenter, of the B. & N.  
M. road, has the following to say re-  
garding the extension of the road,  
says the Walker Pilot:

"The reports that have been print-  
ed about the proposed extension of  
our road are nearly correct. It is our  
intention to build about 15 miles of  
track this year. The business of the  
road warrants it and there is a large  
amount of timber to be reached. The  
only thing that would prevent our  
carrying out our intention is the con-  
dition of the lumber market. However,  
as that is improving, I think it is safe  
to say that the extension will be made  
this year."

Looking for a Crowd.

The people of Walker are evidently  
figuring on a large number of people  
from Brainerd visiting their town to  
celebrate the glorious Fourth judg-  
ing from the following item in the  
Pilot:

Already 800 people from Brainerd  
have made arrangements to come to  
Walker and enjoy themselves on the  
beautiful shores of incomparable  
Leech lake. The Brainerd & North-  
ern Minnesota Railway company has  
with great liberality, moved a rate of  
\$1.50 for the round trip. The trains  
will leave Brainerd early on the morn-  
ing of July 3 and leave Walker for the  
return run late on Saturday night.  
Excursionists will have the privilege  
of remaining over here until the regu-  
lar passenger leaves on Monday  
morning, July 5th.

### A Fine Trip.

The steamer "Irene" now makes  
regular trips between the club house  
on Gull lake and Webb Hill, a sta-  
tion on the Brainerd & Northern road  
some thirteen miles from this city,  
and parties who desire to visit the  
resort for an outing can find no more  
pleasant way to reach there than by  
the new route. Leaving the B. & N.  
M. depot at 3:30 p. m. you arrive at  
Hill's at 4:10 when you board the  
steamer and after an hour's ride on  
the lake you are landed at the dock  
near Bishops. The trip by water is a  
very pleasant one, the distance being  
some ten miles through a chain of  
lakes to the main body of water, and  
is far preferable to a ride over the  
dusty roads. The writer had the  
pleasure of making the trip last Sat-  
urday with Messrs. Miner and Mer-  
riott who are proprietors of the boat,  
which was built by Mr. Miner. The  
craft is 35 feet in length, 9 foot beam  
and rides the water like a duck, being  
perfectly safe in any kind of weather  
and capable of carrying from 25 to 40  
people. There are many points of  
interest on the lake and desirable fish-  
ing grounds which can only be reach-  
ed comfortably by steamer and it is  
for the accommodation of people who  
visit the Gull lake resort that the  
gentlemen finally decided to place  
their boat there and if the patronage  
is sufficient it will be a permanent  
fixture. At present the "Irene" makes  
Hill's on Fridays and Saturdays and  
can always be depended on.

Items of Interest from Aitkin.  
David Archibald, of Bay Lake, was  
among the visiting "old soldier boys"  
on Decoration day, in fact the observ-  
ance of the day in Aitkin without  
"Dave's" presence would seem like  
the play of Hamlet with Hamlet left  
out.

A move is on foot to establish a  
society of the Episcopal church in  
Aitkin, and a meeting has been called  
for the purpose of formulating the  
organization at the Union church on  
Tuesday evening next. Rt. Rev.  
Bishop Morrison, of Duluth, and  
Rev. Mr. Pentreath, of Brainerd, will  
present to lend their aid for the suc-  
cess of the project.

Ed. K. Woodin, who at one time  
carried on extensive logging opera-  
tions in this neck of the woods, he be-  
ing a member of the old firm of Fales  
& Woodin, was in town this week on a  
visit to his cousin, Martin Watson.  
Since leaving Aitkin, Ed has engaged  
in the steamboat business on the lower  
Mississippi, but his love for the North  
Star state was ever dominant, and  
disposing of his shipping interests,  
came back to the state of sunny clime  
and bracing atmosphere, locating at  
Brainerd, and for over a year has been  
Mine Host of the Hotel Antlers at  
Brainerd.—Age.
